**Subject:** Riverview Resort

**Message:** Dear Kristan and Damion, My husband and I own a cabin on the river nearby on Deckrow trail. We recently received your letter regarding updates and status of your resort and we are thrilled with your improvements and future plans for the resort. Our cabin is fairly small so we have suggested the Riverview Resort when we have "overflow" family wishing to stay with us. In fact, our daughter-in-law's entire family is renting your main lodge the week after Christmas! We wish you well with your future plans and are excited to have you as neighbors. Happy Holidays to you and your family 🌨

Planning Commission:

I am a full time resident at 1132 Moffatt Trail and I am a frequent shopper at the Au Sable Riverview Market. I find the store very convenient and that the staff is very friendly and helpful at all times, and I gladly support them for this reason.

The past couple weeks I have heard rumors that Riverview Resort has a problem with guest being drunk and throwing wild noisy parties at all hours of the day and night. I want it known that I strongly disagree with these rumors. The location of my residence gives me the opportunity in my traveling to drive by the Resort several times a day on occasions, and along with the location of my residence being so close to the resort property, I have never experienced any loud parties or have I observed drunks staggering around. In fact, a few guests I have on occasion met, have been very polite and well behaved. These guests were not in any way intoxicated. I have seen guest that range from older couples, young and middle aged with children.

Thank You,

A handwritten signature in cursive script that reads "Scott D. Clark". The signature is written in black ink and is positioned to the right of the "Thank You," text.

To whom it may concern:

I live at 10920 Linger Longer Rd., Grayling MI 49738. I am a year long resident. Since the resort opened several years ago, I have never experience loud or disturbing noises coming from the resort.

Driving by, I have never observed any guest that were staying there acting in an intoxicating way.

I am a patron of the store and I appreciate that they are located there for our community.

Sincerely,

*Thomas Bishop*
